

# VUC GEAR OIL

Gear Drive Oil

## VUC Gear Drive Oil EP 90 and EP 140

construction equipments operating under moderate conditions. They are formulated from finest paraffinic bases stocks and extensively proven additives. They have a wide range of applications in the transport, earth moving and construction industries. It is composed of high viscosity index base oils, additive treated where necessary to give good fluidity and low oil drag in winter. They contain a balanced extreme pressure additive package designed to prevent scuffing and scoring of gears despite high speed and low torque operations.

### RECOMMENDED:

- 1) GEAR DRIVE OIL EP 90 can be used for differentials and gears of Trucks, Buses, Tractors, LCV'S, Muv's and Cars.
- 2) GEAR DRIVE OIL EP 140 can be used for all types of Axle and Manual Transmission oil for Trucks, Buses, Tractors, LCV's, Muv's and Cars.

### PERFORMANCE LEVEL:

- 1) GEAR DRIVE OIL EP 90 meets the requirements of API GL-4 and IS 1118:1992.
- 2) GEAR DRIVE OIL EP 140 meets and exceeds requirements of IS 1118:1992, API GL-4, MIL- L- 2110 specifications.

Product Name	Kinematic Viscosity	Viscosity Index	Pour Point	Flash Point	Spec.
	@100 C-cst	0 C	0 C	0 C	Gravity
EP 90	16.5-18.0	95 min	-6	210	0.872-0.892
EP 140	30.0-32.5	95 min	-6	240	0.880-0.899
